NOTABLE OCCASION

Program of the Taft Notification Ceremonies.

CINCINNATI IN GALA ATTIRE

Judge Taft's Home Town Has Prepared to Do Signal Honor to Him Upon the Occasion of the Notification Ceremonies—Many Visitors Expected.

Cincinnati, July 27.—When Judge William H. Taft, republican presidential candidate, returned to his old home Saturday afternoon he found nearly all the details for the great notification day celebration completed, town-town buildings having already put on much of their decorations in his honor, while every mail brought a fresh report of additional prospective arrivals.

Major General Fred D. Grant, whose father, the late President Grant, was born a few miles above this city on the Ohio river, telegraphed General H. C. Corbin, who is to be one of the marching privates in the military escort on Tuesday, accepting the invitation to be present. The Hamilton and Taft clubs of Chicago, the Owl Club of Louisville, the Tippecanoe Club of Cleveland, the St. Louis Glee Club, the Buckeye Republican Club of Columbus, with the Glee Club that scored so pronounced a popular success at the Chicago convention, and many others have sent word that they wish to be in line with from one hundred to one thousand marchers each. The Baine Club of this city, one of the oldest political marching clubs in the country, as well as one of the most noted, expects to have 2,000 men in line, while other local veteran civic and military organizations will be represented by almost their entire membership.

An interesting figure on the platform at the Taft residence will be Miss Louisa D. Horsey, a teacher in the sixteenth district school, under whom Judge Taft took up his first public school work.

Program of the Taft Notification Ceremonies at Cincinnati.

Cincinnati, July 27.—At a meeting of the general committee in charge of the welcome that Cincinnati will extend to Judge William H. Taft, July 28, when he is formally notified of his nomination to the presidency, the special committee—R. R. Reynolds, W. B. Mellis, J. Stacey Hill and T. J. Moffett—which went to Hot Springs, Va., to consult with Mr. Taft relative to the arrangements, reported.

John R. Malloy, representative of the national notification committee, had accompanied the Cincinnati delegation to meet the nominee. It was announced Friday that Mr. Taft had endorsed the program as outlined by the committee, in preference to that which provided a celebration in Eden Park.

It will be a memorable day in Cincinnati.

The following official program, differing in several details from the one originally proposed, has been announced:

7 a. m.—Salutes from the hill tops; music in public places during the day.
8:30 a. m.—Flag raising in grounds of Charles P. Taft; ceremony to consist of invocation, singing, presentation, raising and acceptance of flag; singing and benediction.

Fire at Alexander City.
Alexander City, Ala., July 27.—Fire

day a fire broke out in the Dr. O. Y. Garrett dwelling, occupied by J. P. Watkins, and before the fire department could respond, the dwelling was practically destroyed. The household goods of Mr. Watkins were all destroyed except a few which the neighbors helped to drag from the front rooms. The whole roof and the dining room were in a light flame before the occupants were awakened, and it took quick work to save their lives.

BIRMINGHAM TRAGEDY.

Well Known Young Pharmacist Is Shot and Killed.
Birmingham, Ala., July 27.—Elbert B. Robertson, a well-known young pharmacist, was shot and instantly killed by Albert V. Thompson Friday. The tragedy occurred in Housman's pharmacy, at the corner of Fourth avenue and Twentieth street. Thompson entered the store and fired point blank at Robertson six times.

The trouble is said to have arisen over a young woman to whom both were paying attention. They had a quarrel about 9 o'clock, and, it is said, Thompson challenged Robertson to fight with pistols. Robertson refused, but agreed to fight it out with their fists.

It is said the men went to Capitol park and fought desperately for about five minutes, and Robertson got decidedly the better of it.

It is thought Thompson, chafing over the humiliation, went to his home and got a pistol. At any rate, the next time he was seen was when he entered the pharmacy and began shooting.

Robertson was employed at the Wothliam's pharmacy, on First avenue, and Thompson was with the Tennessee Coal, Iron and Railroad company.

Longest Pier in the World.

New York, July 27.—Preparations for building the longest pier in the world have been begun by the commissioner of docks and ferries, when he advertised for bids for the largest dredging job the city has ever undertaken. It is for piers from Twenty-eighth street to Thirty-sixth street, South Brooklyn, one of which will be 600 feet long. It will be necessary to excavate nearly 4,200,000 square feet to make ready for the piers, and the cost will be more than \$1,000,000. In South Brooklyn the city is to build piers from Fifty-seventh street to Sixty-first street, the entire work to cost about \$10,000,000.

Cadets Punished for Hazing.

Oyster Bay, N. Y., July 27.—President Roosevelt has approved the dismissal from the Military academy at West Point of eight cadets who were found guilty of hazing underclassmen. Both the report of the board which tried the cadets and that of the superintendent of the academy were approved by the president. Secretary Loeb said that re-instatement of the men could be accomplished only by congressional action.

Supposed Incendiary Fire.

Birmingham, Ala., July 27.—A big stable of the Tennessee Coal, Iron and Railroad company, near Mine No. 6, in the vicinity of Wylam, was burned to the ground shortly after midnight Thursday night. The fire was the result of a torch applied by unknown men. The mules used in the mines were rescued, but a large quantity of feed and the building were destroyed. Through hard efforts other property was saved.

Charged with Embezzlement.

Cleveland, O., July 27.—A warrant has been issued for the arrest of H. W. Gassell, secretary treasurer of the Farmers' and Merchants' Banking Co., which recently closed its doors. Gassell is charged with embezzling \$33,235 of the bank's funds. It is reported that the assignee has found the assets of the bank impaired to the extent of \$200,000.

Sentenced for Complicity.

Lisbon, July 27.—A court-martial has sentenced Lieutenant Teixeira and Sergeant Cardoso, of the sixteenth infantry, to four and three years' imprisonment, respectively, for complicity in the plot of Jan. 25, which resulted eventually in the assassination of King Carlos and the crown prince.

BRYAN IS IN CHICAGO

He Went to Attend Meeting of the Sub-Committee.

MEETS HIS RUNNING MATE

Large Crowd Met the Nebraskan at the Station and Gave Him an Impromptu Ovation—Escorted to Auditorium Annex.

Chicago, July 27.—W. J. Bryan, democratic nominee for president, arrived here at 9 o'clock Saturday morning from Lincoln, Neb., and attended the meeting of the sub-committee of the national committee, charged with the duty of selecting a national chairman and other officers. Mr. Bryan was accompanied by his brother, Charles W. Bryan, national committee member of Nebraska; Governor Osborne, of Wyoming, and a corps of newspaper men.

As the train drew in, a cheer went up from the impromptu crowd.

A man bearing a striking resemblance to the Nebraskan, and who turned out to be W. J. Green, a cousin, was the first to greet the candidate. Roger C. Sullivan, Norman E. Mack and others followed in shaking the hand of the candidate. After the inevitable photographs had been taken, Mr. Bryan, with Mr. Sullivan, walked through the station and took an automobile to the Auditorium Annex.

At the hotel Mr. Bryan met his running mate, Mr. Kern, members of the sub-committee and a crowd of old friends, who had gathered there in anticipation of his coming. Mr. Bryan made no speeches on his way to Chicago. He evinced great interest in the trade of the Sultan of Turkey, calling for a constitutional form of government.

On this point he said: "Turkey has gone democratic. Good; maybe after a few more such nations have spoken the republican leaders will concede the right of the Filipinos to a constitution. The idea of governing people arbitrarily and outside of a constitution is un-American. And now it would seem that even Turkey repudiates the doctrine."

HAYES WINS MARATHON RACE.

Greatest Event of Olympian Games Is Won by American.

London, July 27.—It would be no exaggeration in the minds of many of the 100,000 spectators who witnessed the finishing struggle of the Marathon race at the Olympian Friday to say that it was the most thrilling athletic event that has occurred since that Marathon race in ancient Greece, where the victor fell over the goal and with a wave of triumph died.

Contestants from several countries started in the great race and for a time it was thought that Durango, of Italy, would be the winner, but Hayes, the American contestant, surprised all and won the race with flying colors. He is a New York man, employed in a department store, and has a record for long-distance running.

Graves May Enter Race.

Atlanta, July 27.—It is current talk among the Atlanta members of the Heart party that the Independence League will enter Georgia with an independent gubernatorial ticket, placing as their leader, it is rumored, John Temple Graves, of New York, against Governor-elect Joseph M. Brown. As Mr. Graves is still a citizen of the state, he will not have any trouble in that respect. The Independence League men state that their ticket will not only get a large part of the votes that went to Governor Smith in the late election, but will also receive a fine support from the Brown men.

Princess Gets Dividend.

New York, July 27.—Among the stockholders of the Berkshire Athletic association, which was voluntarily wound up ten years ago, was Miss Anna Gould, now the Princess of Sagan. Under an order of Supreme Court Justice Cullen, a city chamberlain is directed to pay her \$42,112, being her share of the assets of the association.

Couderc first, the princess' attorneys, applied to the court on her behalf for the dividend.

New Cotton at Columbus.

Columbus, Ga., July 27.—The first bale of any cotton of the season was received in Columbus Friday, coming from Shellman, in southern Georgia. It closed as good middling, and sold for twelve cents.

Peace in Korea.

Tokio, July 27.—Prince Ito, resident general of Korea, had a long conference with the emperor and reports that Korea is practically restored to a condition of peace. It is possible that Prince Ito will assume the presidency of the privy council without relinquishing his title as resident general in Korea.

THE CUBAN ELECTIONS.

Mark Important Turning Point in Island, It Is Said.

New York, July 27.—El Arguella, a banker of Havana, who is in New York, states that the municipal and provincial elections in Cuba next month will mark an important turning point in the island for better or for worse.

"It means the beginning of a wave of prosperity or the beginning of trouble," he said, "and many who are familiar with conditions there are apprehensive that we may experience a repetition of the troubles of 1906."

He explained that there were three parties, each having a candidate for president. "The most promising candidates," he said, "are General Jose Miguel Gomez and Alfredo Zayas. Gomez is the idol of the people, and Zayas is a skillful politician with a certain following. Gomez is especially strong in the country districts and will poll a large vote. The third candidate is General Maria Menocal, a wealthy planter, who may withdraw and throw his strength to Gomez."

"If Gomez shall be elected I don't expect trouble, but should influence of any sort and another bring about Zayas' election, it is not improbable that an insurrection would follow. All the old leaders of the revolutionary movement are still alive and ardently supporting Gomez. If they fail to make him president there is no telling what they would do."

"Everybody is watching the situation with keen interest, for upon the outcome depends Cuba's future."

"Wall street interests have had an agent investigating conditions for months, and I understand his reports are now being submitted."

A QUEER CARGO.

Snakes, Birds and Strange People on Steamship Hudson.

New York, July 27.—With the largest snake ever brought to the United States, the Hudson, one of the Anglo-American Oil company's steamships, anchored off Stapleton Friday afternoon from the Far East.

His snakehip, taken on at Singapore by Captain C. B. Fenton, commander of the Hudson, is thirty feet, three inches long and weighs three hundred and twelve pounds.

Besides the big snake, there are 25 monkeys, a porcupine, a cassowary, a pair of Japanese silk feathered fowls, three Japanese spaniels and numerous small birds. There were 55 monkeys when the vessel left Singapore on May 21, but many of them died. A dozen minia birds also died.

The steamship's crew is composed of 21 Chinese, 12 Lascars, 1 Cingalese, 1 Japanese, 2 "black men" from Ceylon and Arabs, taken on at Aden, while the engineers are Scotchmen and the navigating officers British.

Jumps Ball of \$25,000.

Berlin, July 27.—The alleged pianoforte swindler, Willis J. Skinner, alias William E. Scott, of Boston, who was arrested near Berlin last February, charged with receiving large sums of money in the sale of articles by means of which he declared people could hypnotize themselves and read their future, has jumped his bail of \$25,000. According to the police, Skinner was arrested in the United States for complicity in the operations of the Fairchild Motor company. He jumped his bail on that occasion and went to England, taking the name of Grett and engaging in such operations there. It is understood that his bail has been forfeited.

Princess Gets Dividend.

New York, July 27.—Among the stockholders of the Berkshire Athletic association, which was voluntarily wound up ten years ago, was Miss Anna Gould, now the Princess of Sagan. Under an order of Supreme Court Justice Cullen, a city chamberlain is directed to pay her \$42,112, being her share of the assets of the association.

STORIES OF CRUELTY

Russia's Horrors Paralleled in the Georgia Convict Camps.

SANSATIONAL REVELATIONS

Legislative Committee Investigating the Conduct of the Convict Camps of the State Develops Startling Testimony.

Atlanta, July 27.—The horror of the first two days' revelations before the legislative committee investigating Georgia's convict lease system was increased Friday as further revolting details were developed by men who had formerly served the state as wardens, guards and convicts.

Incidents of barbaric cruelty related by ex-convicts the day before were rehearsed, and corroborating testimony was piled up by men who, as officers of the state, had seen the brutality practiced and were powerless to prevent it.

J. W. Roberts, formerly deputy warden at the state farm, told of how the law was violated. Convicts were employed in competition with free labor in Milledgeville, when they could have been used on the state farm. He related astounding irregularities in the management of convicts, the purchase of supplies, and the disposition of the products from the farm.

George Mayners, who had worked as guard at various convict camps over the state, told of conditions as he had seen them. He reported conditions at Fagro to be rough. At the Chattahoochee Brick company, he said, he had seen five men stripped and flogged. A negro from Athens was whipped so severely he could not sit down. The reason he was whipped was that shackles put on him when his ankle swelled, slipped off when the swelling went down.

Other witnesses were examined whose testimony showed a deplorable state of affairs in the convict camps of the state.

It was decided that on Monday morning the folder substitute on the convict question would be voted on by the house, adopted, and at the same time place the house on record as favoring the termination of the convict lease system definitely on Oct. 31, 1911; provide for a release of the convicts, not worked on the county roads, one year at a time; provide for a separation of the races; begin a fund for the purpose of taking over the convict system and other details which it is declared will perfect the convict system in the state and make it the equal of any in the country.

AN EXCITING ELECTION.

"Wets" Win Georgetown, Ky., by Majority of One Vote.

Georgetown, Ky., July 27.—In one of the most exciting local option elections in the history of this city Friday in the principal distilling sections of Central Kentucky, the "wets" secured the victory by a majority of one vote.

Women and children took part in a canvass of votes, marching through the streets singing hymns and buttonholing prospective voters. Bells were tolled all day and brass bands visited all polling places, the exciting mood and noise ceasing only when the polls closed.

Believed Woman Was Murdered.

Birmingham, Ala., July 27.—Mrs. Louisa Street, wife of Walter Street, a farmer, living two miles from Coal City, St. Clair county, is supposed to have been murdered by a negro. Her body was found Friday morning, and indications point to the murder having been committed Thursday afternoon. It is believed that the negro attempted to criminally assault the woman, and then killed her to stop her cries.

Debt of \$2,000,000.

Detroit, Mich., July 27.—Shoemaker Ansell, of Cameron, Currie & Co., the brokerage firm which failed last Saturday, has filed a petition in the circuit court stating that the assets of the company will exceed \$2,000,000, and admitting that there is no possibility of paying claims in full.

The reason he was whipped was that snakes put on him when his ankle swelled, slipped off when the swelling went down.

Other witnesses were examined whose testimony showed a deplorable state of affairs in the convict camps of the state.

It was decided that on Monday morning the Holder substitute on the convict question would be voted on by the house, adopted, and at the same time place the house on record as favoring the termination of the convict lease system definitely on Dec. 31, 1911; provide for a release of the convicts, not worked on the county roads, one year at a time; provide for a separation of the races; begin a fund for the purpose of taking over the convict system and other details which it is declared will perfect the convict system in the state and make it the equal of any in the country.

AN EXCITING ELECTION.

"Wets" Win Georgetown, Ky., by Majority of One Vote.

Georgetown, Ky., July 27.—In one of the most exciting local option elections in the history of this city Friday in the principal distilling sections of Central Kentucky, the "wets" secured the victory by a majority of one vote.

Women and children took part in a canvass of votes, marching through the streets singing hymns and buttonholing prospective voters. Bells were tolled all day and brass bands visited all polling places, the excitement and noise ceasing only when the polls closed.

Believed Woman Was Murdered.

Birmingham, Ala., July 27.—Mrs. Lavenia Shresty, wife of Walter Shresty, a farmer, living two miles from Olat City, St. Clair county, is supposed to have been murdered by a negro. Her body was found Friday morning and indications point to the murder having been committed Thursday afternoon. It is believed that the negro attempted to criminally assault the woman, and then killed her to stop her cries.

Debt of \$2,000,000.

Detroit, Mich., July 27.—Sanctus Austin, of Cameron, Currie & Co., the brokerage firm which failed here last Saturday, has filed a petition in the circuit court stating that the debts of the company will exceed \$2,000,000, and admitting that there is no possibility of paying claims in full.

YOUNG BECKHAM MET WATERY GRAVE

n Company With Friends Takes Swim
in Surf and is Drowned.

INFORMATION WAS VERY MEAGER

Was Son of M. J. Beckham of Windsor
and Had Many Friends Throughout
the Eastern Part of the County.
Was Cousin of Phifers'.

News was received in this city last
night of the death by drowning of
William Beckham of Windsor at
Amelia Beach, near Fernandina, Mon-
day.

Young Beckham left the city Mon-
day morning over the Seaboard spe-
cial in company with friends to partici-
pate in a day of pleasure, but in-
stead he was the victim of the strong
undertow that so few are familiar
with in the surf, and as a result his
body is yet in the Atlantic.

The information received in this
city was very meager and nothing
concerning the facts that led up to
the accident could be learned, but it
is supposed that the undertow was
the direct cause of his being drowned.

The telegram bearing the sad in-
formation was to J. W. McCollum and
read as follows: "Telephone Re-
sborough at Windsor that Will Beck-
ham was drowned in bathing today.
Body not recovered. W. M. BULLARD."

William Beckham was a son of M.
J. Beckham, and was born and raised
in that section, being a young man yet
in his teens, and was a cousin of H.
L. and Gus Phifer of this city, besides
other relatives over the county.

Later news from Fernandina was
to the effect that every effort was be-
ing made to get the body, and the
search will be kept up in the hopes
that it will be recovered before be-
ing mutilated by crabs or sharks.

Drowning at Daytona.

Parties returning from Daytona
Beach yesterday brought the informa-
tion that a Mr. Bunch, a groceryman
of that city, and known by a good
many people here, was drowned there
Sunday morning and that the body
had not been recovered. Young Sam
Mitson of this city is employed as a
salesman in his store.

ARNOW MAKES BIG HAUL.

Catches Two Different Squads of Crap
Shooters and Card Johnnies.

Marshal Arnow had his hunting
clothes on him Sunday, with the re-
sult that he will have fourteen de-
fendants up before Mayor Davis to
administer justice to today.

It was probably due to the fact that
they all wanted the necessary dollar
to take them on the "scussion" Mon-
day that made them so eager to play
their favorite game of "skin," as it
was not long after making the first
haul before the marshal succeeded in
locating another game much stronger
than the first one, which was, in the
language of knowing ones, called
"spud."

The marshal says he is determined
to get them, and while it requires the
loss of some sleep he does not regret
that part of the program when he
lands them in the numbers like Sun-
day.

Hives, eczema, itch or salt rheum

Hon. W. M. Holloway, State Super-
intendent of Public Instruction, is in

so well.

W. M. Burch of Tacoma was in the
city yesterday for the purpose of buy-
ing building material for the erection
of some residences in that section.
He now has two contracts and is fig-
uring on three other buildings to be
erected in a short while.

J. K. Tuten, one of the leading
merchants of Archer, was transacting
business in the city yesterday. He
was here in the interest of the Archer
school, which has recently been made
a Junior High School by the hard
work of himself and other trustees.

N. A. Callison, the genial manager
of Spring Park Stock Farm, was
among the business visitors to the city
yesterday. He reports that they have
just shipped to W. O. Painter of De-
land ten fine full blooded Jerseys
which will be used for the dairy busi-
ness.

E. Marcelonny, the clever editor of
The Alachua News, was among the
visitors to the city Monday. He came
over with Col. Furman Smith in his
new auto and says the distance was
covered in one hour and ten minutes,
actual time. This record could have
been beaten, but they did not care to
run faster on account of the condition
of the roads.

The Stars and Comets again met
on the diamond yesterday afternoon,
the former winning by a score of
14 to 13 in a ten-inning contest. Lang
and R. Manasse were the battery for
the Comets and Hondurant and Medlin
did the heavy work for the Stars.
The teams are evidently evenly
matched, as it seems that there is
never over one difference in the
score.

SPRING PARK FARM HAVE BEST CATTLE

So Experienced Herder From West
Writes Manager Callison.

FLORIDA THE STATE FOR BEEF

Only a Few Years Before the Stock-
men Will All Migrate to This State.
Will Strike Us Like Turpentine
Industry, All At Once.

That Florida is to be the leading
beef-producing State within a few
years is clearly shown by Hugo Rus-
sell, who is an experienced herds-
man, having been employed all over
the States in this business almost his
entire life and who is thoroughly
posted in the cattle business.

He writes Manager Callison of
Spring Park Farm some very en-
couraging news, which will prove in-
teresting to many people that are now
contemplating engaging in this profit-
able business, and we herewith re-
produce his letter in part:

"Muskogee, Okla., July 21, 1908.

"Mr. N. A. Callison, Gainesville, Fla.

"Dear Sir: As I have just finished
a visit to some of the best pure Here-
ford and Short Horn herds of this
country and Texas, I will write you a
few lines and congratulate Florida,
and most especially Spring Park, on
her good cattle.

"I saw better stuff when I was at
your place than I have seen since.
The string of bulls you showed me
are far ahead of anything I have seen
in this country or Texas, and I now
like Florida better than ever for her
advantages for beef-cattle raising.

"Florida is just as sure to be one of
the best beef States in the South as
it is one of the best turpentine States,
and the beef industry will come as
the turpentine—all at once. There is
nothing in the world to keep it from
coming to the front, and in less time
than five years everybody will realize
it.

"I saw twenty-two graded Hereford
steers sell for \$72.23 each in Fort
Worth last week, and I know from
what the man who fed them told me,
that steers just their equal in every
way could be produced in Florida for
a little over half what they cost.

"Land is going so high in this coun-
try that this will not be a stock-raising
section but a few years longer.

"Some of the breeders here are
speaking of going to Atlanta, Ga., to
the fair this fall with some show
stuff, and then sell them. If they do
go it would be a good time for you
to make a reputation for Florida, for
they cannot and will not have any-
thing to compare with the stock of
Spring Park.

"I expect to visit Florida again and
will call on you. Truly yours,

"HUGO RUSSELL,

"Professional Herder."

Even Buds Grow Old.

According to a government botanist
at Washington, there is reason to be-
lieve that buds share in the growing
old of the parent plant. He illustrates
his meaning in this way: Suppose the
average life of an individual plant—
say a tree—to be 100 years; then a bud
removed when the parent plant is fifty
years old will also be virtually fifty
years of age and if transplanted by
grafting will be able to live on the
graft only fifty years more.

YOUNG NEGRESS HAS LONGING TO STEAL

Hoards Money and Jewelry at Home of Dr. T. F. Thomas.

GIVES MONEY TO HER MOTHER

Investigation Causes Arrest of Three. Part of Money Recovered—Girl Confesses the Whole Thing—All Three Participants Now Under Arrest.

Mamie Coleman, a young negress and self-confessed criminal, is now languishing behind the bars of the county jail and has implicated her mother and Pansy Durham, another negro girl of about sixteen.

Mamie, who has been employed at the home of Dr. T. F. Thomas, on West Main street north, for some time, on Saturday stole \$12 from the bedroom of Mrs. Thomas, taking the money from Mrs. Thomas' purse, which was left lying on the dresser, and which was in a ten-dollar gold certificate and \$2 in silver.

When arrested Monday by Sheriff Kennell and placed in jail she confessed the crime, and said she had given the money to her mother, Vina Dixon, who had the bill changed. This the old woman denied, but when she was being taken to jail she said she would make the amount good, and the sheriff was induced to again accompany her to her home when she went between her mattresses and produced the amount.

This was not Mamie's first offense, for last week while Mrs. Steenburg was spending the day at the Thomas home her purse containing some \$3 and a solid gold necklace was stolen, but she was not suspected of this theft and they probably would have never known the whereabouts of the article had she not also confessed to this, which she claimed she stole and gave to Pansy Durham.

Mr. Steenburg at once had a warrant taken out for her arrest, and it is thought he will recover the necklace if not the money, as Mamie declares she passed the articles out of the window to Pansy on the day they were missing.

COUNTERFEITERS GET IN THEIR WORK HERE

Passed Some Poor Specimens of Bill-Raising Saturday Night.

THEY CONFESS THEIR CRIME

Sam Tillman Claims He Did the Job and Wanted to Land in the Federal Prison—Raised the Two Bills Near Paradise Sunday Morning.

About the poorest specimen of bill-raising ever exhibited was passed off here late Saturday night, and the self-confessed criminals are now languishing behind the prison bars, due to the efficient work of Marshal Arnow and R. B. Bostick of the Coast Line.

The marshal's attention was called to the matter when Lum Brown was presented with one of the bills in payment for some beef purchased by an innocent party who was a victim, in that the bill had cost him \$4.80 of good money besides 20 cents in trade.

There were only two of the bills passed here, one on McLendon at the depot and one on John Cowan of West Liberty street, both colored.

After chasing the negroes around the city Saturday night the marshal and Mr. Bostick decided they would visit the depot on Sunday afternoon, when they were rewarded by finding the location of their "game," who were in a hot "skn" game near the G. and G. depot. This was broken up before the officers arrived there, but from evidence obtained they learned of the route the men had gone and wired Deputy Kennard to apprehend them at Waldo, which he did, securing their working apparatus and bringing them back to this city.

Their outfit consisted of stencils from which they could make \$5, \$10 and \$20 bills, a small bottle of white lead, a muckluge brush, green and yellow lead pencils. They had \$10.05 in silver money upon their persons when arrested.

The negroes confessed that they were Jim Bonam of Daytona and Sam Tillman of Thomasville. Tillman claims that he had only recently enlisted Sam with him, and that he wanted to break in the Federal prison, which was the direct cause of his tampering with the money in this manner. When the officers were questioning him regarding the matter he said: "You all need not go at it that way, for I did the work, and wanted to get somewhere where I could be taken care of, for I have had a disease from which I have suffered for the past sixteen years and wanted to be placed where I would receive proper treatment."

United States Commissioner Cuddebury of Cedar Key was notified and will send Deputy U. S. Marshal Richard here for the prisoners, and they will have their preliminary trial before him.

FOUR HUNDRED SOLD.

Fernandina Excursion Proved Big Success for the Seaboard.

The excursion over the Seaboard to Fernandina Monday proved too tempting for the people of this section to take a dip in Old Ocean, and as a result it far exceeded the expectations of the officials.

At Archer, the starting point, all the tickets—170—were sold, and fully one hundred people were there to go that could not get on the train owing to its crowded condition, while at Arredondo they did not stop to take on the passengers waiting at that point.

Agent Bullard disposed of 462 tickets at this place, ninety-two of them being to white patrons. The train took on ten extra coaches at this point, making thirteen in all, but it is reported that Starke filled this number up completely.

HORSE THIEVES AT WORK.

J. L. Hague Loses Valuable Horse and Buggy.

J. L. Hague of Hague station was the victim Sunday night of horse thieves, who have again commenced operations in this county.

They were not content with taking the animal, but also hitched up to the buggy and placed the saddle along with the other articles appropriated to themselves.

They were tracked to North Gainesville but here all trace of the missing property was lost and nothing since has been learned to place any light upon the missing articles.

The mare was of dark iron grey and was a very young animal.

Work is progressing on the permanent camp site for the State troops. A movement is now on foot to have a hard road built to the camp from Jacksonville.

A Pennsylvania man died the other day from the effects of swallowing a table knife. This should be a warning to the Republican managers of Minnesota to watch Jacobson, their candidate for Governor, whose greatest claim for election is that "he eats pie with a knife."

The "Short Talks" man on The Times-Union pays Alachua county the following nice little compliment: "Alachua county is building a rock road which will run by way of Dayville, Rocky Point, Wacahoota and through a splendid farm region to Micanopy, there connecting with a hard road to Ocala. Alachua is one of Florida's most progressive counties."

No need to take your bottle with you while traveling on a train in Louisiana, without you are indifferent about arrest. Drinking from one's own flask on passenger trains constitutes a misdemeanor punishable by fine and imprisonment. This is a good law, as we see it, for it seeks to close out the drunken rowdies, who patronize excursions so that they may fill up on cheap booze, and cut and shoot and make asses of themselves generally.—Apalachicola Times. Correct, Brother Johnston. We made up our minds some time ago that we would give such a proposed law our hearty support in the next Legislature, and if no other member introduces the bill the writer will do so. We have seen enough of rowdism on trains during the past year to convince us that such a law as the above is necessary for the protection of our women and children.

DEATH OF MRS. WEED.

Mrs. Weed, wife of Rt. Rev. Edwin Gardner Weed, bishop of the Episcopal diocese of Florida, died at her home in Jacksonville Sunday morning at 2 o'clock, at the family residence in Riverside, after an illness of several weeks. Referring to the death of this most beloved good woman, The Times-Union says:

"Mrs. Weed was a daughter of the late Col. Thomas F. Foster and was married to Bishop Weed April 24, 1874, at Summerville, Ga. The family removed to Jacksonville in 1896 and has resided here ever since.

"Mrs. Edwin Gardner Weed has been foremost in all good works, and has never spared herself when public or private need called her.

"As directress of the children's auxiliary to the board of missions and as president of St. John's Guild, Mrs. Weed has accomplished a great deal for the Episcopal church, and has endeared herself to each and every member of these organizations. But it is not alone in church work, but in every charity that called upon her that her sympathy and generous heart were most deeply touched.

"In 1901, when Jacksonville was destroyed by fire, the wonderful executive ability and resource of Mrs. Weed was most evident. She was at luncheon when the fire started and at once got in her carriage and, in full dress, started out to find her friends in distress. Going to some houses, telephoning to others, by night fall thirty or more persons had been gathered under the hospitable roof of the Bishop and Mrs. Weed. Telegraphing to Savannah for bread and coffee, Mrs. Weed not only served supper to her household of guests, but sent the gardener out with large buckets of coffee and boxes of sandwiches, and went in a carriage to the military pickets with hot coffee and sandwiches, telling the pickets to come or send to her house if they wanted more. A piazza bench was filled with sandwiches for any who came, and the next morning only a few crumbs remained.

"This hospitality was kept up for weeks, and daily telegrams sent to Savannah for bread and coffee, while the meals at the diocesan residence were almost continuous, to serve the household of guests.

"When the Florida Division of the United Daughters of the Confederacy was formed in July, 1896, Mrs. Weed consented to become the first president of the five chapters forming the division, and lent her name and her influence to the upbuilding of the work in her adopted State, sparing herself in no way in the fulfilling of her self-imposed duties. For two and a half years Mrs. Weed filled this office.

"At the Richmond convention of the general organization of the United Daughters of the Confederacy in November, 1899, Mrs. Weed was unanimously elected president-general of the organization, then numbering over 25,000 registered members. For two years she held this important office and endeared herself to hundreds of women by her unfailing courtesy, gentleness, consideration and patience, and by the justice and impartiality of her rulings. Only last week a prominent woman wrote: 'I wish that I lived where I could see more of Mrs. Weed, it is a privilege to be near her.'

"For two years Mrs. Weed held the office of president-general, and at the close of that period she was elected by the Jefferson Davis Monument Association as vice-president of the association, the office being created for her. Mrs. Weed was as unsparing of herself in her new duties as she had always been in her public trusts, and gave out of her own purse the sum of \$300 to the monument fund, being the largest personal contribution made. She also made and sent

to the great fair at Richmond, given for the monument fund, 100 articles as her personal contribution. These details go to show the great resource and indefatigable work of this really wonderful woman.

"Besides the excellent work on constitutions and by-laws for general, State and chapter U. D. C., Mrs. Weed was chairman of the committee for the inscriptions for the monument to President Jefferson Davis which was erected at Richmond by the people of the South. This was a most important and exacting piece of work, to be scanned and criticized by the entire country, and the lofty and beautiful lines on the monument prove the literary ability, wisdom and judgment of Mrs. Weed and her committee. While they did not write all the inscriptions, having called upon foremost Southern scholars for advice and assistance, to Mrs. Weed and the committee alone belongs the credit of the complete work, for more was eliminated than was used, and the undertaking was a most delicate and a most arduous one.

"Mrs. Weed has taken a prominent part in the organization of the Colonial Dames resident in the State of Florida, and in church work in her native State of Georgia, as well as in Florida. Known to friends and acquaintances in nearly every State in the Union, Mrs. Weed was indeed one of the most prominent women in the South and will be greatly missed and widely mourned. Her example will always live in the hearts of all who knew her, and the memory of her good deeds will only pass with the passing of a generation.

"A more perfect example of Christian life it would be hard to find, and all who knew Mrs. Weed are better men and better women for having known her. Just, honorable, considerate, doing as she would be done by, living on a plane far above any small thought or deed, a Christian woman of the highest type. Yet a broad and cultured mind, not narrowed to a small line in her virtues, but taking her religion into her social life, into her public life, into the homes of her friends, and as a constant example, living the Christian life day by day.

"Such is the woman whom we mourn."

Thousands Have Kidney Trouble and Never Suspect It.

Prevalency of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SAUNDERS & EARLE

I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them.

Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardstown, Ky., writes:

"I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Van Rensselaer, a member of one of the oldest New York families, who was arrested several days ago on the charge of sending a threatening letter to his mother and who was sent to Bellevue hospital for observation, has been adjudged sane. Van Rensselaer will be sent to the Tombs for a final disposition of the case.

"I CANNOT," SAID MR. HEARST.

When Asked If He Would Accept the Presidential Nomination.

New York, July 27.—William Randolph Hearst, who arrived from Europe Saturday, was asked if he would accept the nomination for the presidency on the Independence League ticket if it should be shown that the sentiment in the league was unanimously for his nomination. Mr. Hearst replied:

"I cannot. I have given my word that under no circumstances will I be a candidate. I have given my word and I will abide by it."

"Is there any probability, in your opinion, Mr. Hearst, that the Independence League may endorse either the republican or the democratic candidate?" was asked.

"The sentiment before I left here," was the answer, "was for a third ticket. If there is any sentiment now for an endorsement of either the republican or democratic candidate, I, for one, don't know anything about it. I have heard of no change in the sentiment."

"Do you consider that the republicans nominated the strongest man possible?"

Mr. Hearst laughed and said:

"The people will decide that."

"If the sentiment of the Independence League convention of this year should be shown very clearly to be unanimously for your nomination as the party candidate for the presidency, would you accept the nomination?"

"I cannot," came the reply quickly, and with a decisive emphasis. "I have given my word that under no circumstances will I be a candidate. I have given my word and I will abide by it."

"Does that pledge hold good for future years, for 1912, for instance, as well as for this year?"

Again Mr. Hearst laughed, and he answered:

"You have been going into my past, and here now you proceed into my future. I think that anything further from me today must be included in the arrangement I have already made."

Mr. Hearst left Saturday afternoon for Chicago, where, on Monday, he will preside at the opening of the 3rd national convention of the Independence party. He said that he and Mrs. Hearst had a delightful time in Europe. They spent most of their time in Germany, "keeping off the main traveled roads," as he expressed it. It was a quiet, restful vacation and they all enjoyed it.

As the party was about to leave the steamer one of the interrogators pressed forward for just one more question.

"Is there anything you may think of now, Mr. Hearst, that will be of public interest, which you will tell us—anything about which we have not asked you?" he asked.

"No, there is not," came the smiling answer. "I feel pretty sure that if there were anything else you would have asked it."

Col. Gordon's Successor.

Savannah, Ga., July 27.—Major David C. Barrow, who, it was believed, would succeed Colonel G. Arthur Gordon, as commander of the First Infantry regiment, has submitted his resignation from active military duty with the state troops. He has served with Colonel Gordon since he first entered the service. Major M. J. O'Leary is now prominently mentioned as Colonel Gordon's successor. All the members of the First regiment in Savannah called, in a body, upon Colonel Gordon in an effort to prevail upon him to reconsider his resignation, but he declined.

Halswelle, English Runner, Won.

London, July 27.—Amid the cheers of several hundred of his countrymen, Halswelle, the English runner, Saturday morning "walked over" in the final of the 400 meters flat race in the Olympic games, which was run originally last Thursday and won by J. C. Carpenter, of Cornell. This is the race that was declared void by the judges on the allegation, which has been denied by the Americans, that Carpenter fouled Halswelle.

Will Challenge Australia.

Philadelphia, July 27.—Official announcement has been made here by A. L. Hoskins, secretary of the U. S. Lawn Tennis association, that a team has been secured to challenge Australia for the possession of the Davis international tennis trophy at Melbourne, in November. It is understood that Beals C. Wright and Frederick B. Alexander have been chosen for the American team.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement as each of its ingredients is worth more than any number of ordinary non-professional preparations. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

Walker Pleads Guilty.

Hartford, Conn., July 27.—W. F. Walker, who looted the savings bank of New Britain of more than half a million dollars' worth of securities, pleaded guilty on four counts of the indictment in superior court Saturday. He was sentenced to not less than one year, nor more than five years on the first count, and not more than five years on each of the three other counts, sentence to take effect on the expiration of each previous sentence under the indeterminate sentence law. This will make the entire penalty not more than twenty years.

Tinged With Doubt.

Paris, July 27.—The newspaper comment on the events in Turkey is tinged with doubt. The radical newspapers say that the whole question depends on whether a parliamentary regime can be adapted to the Ottoman character and whether the experiment announced is sincere and lasting. The Aurore points out that the sultan would promise anything, but that it must be remembered that these promises are made by the most autocratic and the least parliamentary of rulers.

Military Alliance.

Copenhagen, July 27.—It is reported that the Danish and Swedish governments have agreed on an offensive and defensive military alliance.

Basely Deceived.

The Husband—You want to know where I was so late last night? I was at the office balancing my books. The Wife—It seems to me that you balance your books very often. That seems to be about the only thing you do. The H.—H'm! If you don't believe me, why don't you consult a fortune teller?

The W.—Not much. I consulted one once, and she told me a pack of lies. The H.—Indeed! What did she tell me? The W.—She told me I would get a rich husband, kind, attentive and without a husband.

To say "every one is talking about me" is a thing, but to say "every one is talking about her" is an acknowledgment.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. Costly Eyeteeth.

"I guess paw must have passed a lot of time at the dentist's when he was in New York," said Johnny Green.

"Why do you think so?" queried his ma.

"'Cause I heard him tell a man today that it cost him nearly \$300 to get his eyeteeth cut," replied Johnny.—Chicago News.

Inconsistent.

"Dear me," said the poetess, "I don't see why those horrid editors insist on having manuscripts written on only one side of the sheet when they go and print their paper on both sides."—Pathfinder.

DO YOU WANT TO
MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

A WARNING

In some cases the pictures given have been lost—pictures of persons which cannot be replaced. I have agents, never did, and never will deal directly with my patrons all work. I cannot afford to pay agent out of the prices I charge for the high-grade work I do. Bring enlarging to me and you are not insured against loss of the original but will have a guarantee of a likeness and an artistic finish.

THE FIRST NATIONAL BANK, Gainesville, Fla.

—UNITED STATES DEPOSITORY—

Capital, \$100,000.00; Surplus and Profits, \$50,000.00

DROP IN SOMETIME

At one of the leading stores in Gainesville and ask the proprietor if it is dull with him. Nine times out of ten he will say he is not doing very much, in fact not near what he did one year ago, but this season he has had a good run on ladies' ready-to-wear goods, or white wash goods, or some certain style of shoe—in other words, by reason of the large variety of articles carried in stock, he managed to keep doing business at a profit. Take the Banking business: Most Banks will say their business isn't so good since the panic, or something of that kind, but still they are doing "mighty fine." That is not like giving the figures, it is more or less evasive. YOU have a right to know how "things are" where your money is kept, and you should know—insist on the figures—get at the inside of it. We have published five Statements on call made by the Comptroller of the Currency since we opened for business. Haven't seen one? All right, come around and we will give you a copy of each one. We keep a complete stock, like the merchant referred to above, and you will always find we can "deliver the goods" if it is in the Banking line.
